

Report for  
Solar Physics Advanced Course IV  
A Semester, JFY2017

太陽物理学特論IV  
レポート課題  
2017年度Aセメスター

Taro Sakao      坂尾太郎

# Method of Evaluation

(Presented at the beginning of this lecture;  
Shown here just for reference purpose)

- By submitting a report.
- Topic of the report will be announced later.
- Submission of the report is mandatory for the course credits.

# 太陽物理学特論IV(坂尾)レポート課題 (Solar Physics Advanced Course IV: Report)

- Pick up a topic from the reference(s) listed in the next slide and write your thoughts or studies on the topic.

次ページの資料文献中からトピックを1つ選び、それについて考えたことあるいは調べたことを記せ。

- Length: A4 1-2 pages
- Language: Either Japanese or English
- Indicate the reference(s) used for the report
- Submit by Friday, 2 February 2018, 12:00 JST
- Submit printed copy to 天文学専攻事務室  
(electronic submission not accepted)
